

GADS HILL
CENTER

LITERACY ZONE

NOW ENROLLING
LITERACY ZONE

PROGRAMS FOR: **CHILDREN, YOUTH & FAMILIES**

In partnership with Gads Hill Center, we provide a safe & stimulating learning environment to help improve early childhood education. We introduce children to the importance of health, history, art & music, expansion of letters, language, story development & basics of mathematics. Working with parents/family as the first teachers, Literacy Zone helps lay the foundation & building blocks for each child's development and future academic success. Additionally, children develop these skills: persistence & self-motivation, fine & gross motor development, emotion regulation, and conflict resolution techniques. Literacy Zone's vision is to empower children and families through education and literacy to become the best in whatever they choose to do in the future.
